

BCTT Republic Landfill Tour: Minutes

(9/24/22)

1. Ground Rules

Welcome! Sam Imperati – the BCTT Workgroup Facilitator. My teammates, Amelia Webb and Adam Meyer, are here to take high-level notes.

Introductions and sign-in sheet for summary minutes.

- 1) This is an educational opportunity to see the landfill and learn about how it operates
- 2) It is not a formal WG deliberative event
- 3) We are observing – not making editorial comments
- 4) This is NOT a forum to rehash the last CUP or gain tactical advantage in the next
- 5) The Charter’s Commitments apply, e.g.,
 - a. Speak respectfully and ask constructive questions
 - b. Explore – Don’t debate
 - c. Self-regulate and help others do the same
- 6) Let’s create common understandings by learning together
- 7) Let’s get to know each other as community members, and perhaps, have some fun doing so
- 8) I’m here to ensure this event is productive and collaborative

Thanks!
