B. Approval of June 21, 2021 Minutes

Comm. Sexton made a motion to approve the minutes with the correction, seconded by Comm. Freeman, the motion passed unanimously.

C. Review of Historic Resources Updating Project

Staff introduced the subject for the two new commissioners. The HRC agreed, early this year, to review all of the SHPO historic structure records for Benton County. The State needs to know the latitude-longitude of the structures, current address if available, and the current condition of the structure if it can be determined. SHPO sent an excel file and gave access to a database of all identified historic resources. Ms. Williams went over the information supplied by SHPO and described different ways that the commissioners could research the data.

D. CLG Grant – closed out for this cycle.

Staff indicated that the CLG grant from SHPO is closed until the new cycle begins next year. The HRC used all of the allocated funds, which was \$12,000, and the County was reimbursed for the full amount. The application for next year will probably be requested in January or early February and the funds approved in early to mid-April.
